June, 2022

## President's Letter

27 June 2022

Another successful shoot has come and gone. We had good weather, good attendance and a great meal. Fun was had by one and all!

We have decided to move the Worland Trap and Skeet Shoot from the last weekend in April to the second weekend in September (Sept. 9-11) in hope of better weather.

At the state shoot board meeting in Glenrock there was a discussion to move one board meeting to the Worland shoot. This would spread the meetings out over the year rather than having a meeting in May and the next one in June. So this is an invite to all board members and state members to come to Worland in September to see and experience what you will be voting on in January at the convention.

Thanks,

Frank

## Beautiful Day At The Range

Great turn out for the WSMLA shoot at the Deer Creek Muzzloaders range near Glenrock.

Right photo (L to R) Teri, Andie, Jane, Melissa and Trish.

Below left is Jim at a rifle rack with Teri and Frank in the background.

Below right is Teri and Linda taking a break between relays.

# NOWOOD CARTRIDGE SHOOT ATTRACTS WSMLA MEMBERS

The 26<sup>th</sup> Annual Nowood Black Powder Cartridge Match was held April 1<sup>st</sup>, 2<sup>nd</sup>, and 3<sup>rd</sup>. It was hosted by the Big Horn Basin Muzzleloaders, and held on the Brewster Ranch out of Tensleep.

Around 40 shooters, came out to shoot, and they shot at six metal gongs that looked like buffalo, wolves, and bears. They shot at ranges from 250 yards, to 740 yards. This shoot is for all of those wanting to shoot, long distance, black powder cartridge guns, like the 45-90 gun.

It seemed like everyone enjoyed the competition, that started at 1:00 p.m. on Saturday. You get 25 people shooting at once, and all you can wait for, is to hear someone hitting a gong. If you look closely, you can see the bullet hit the target a few seconds before you hear the gong going off.

It seems to me, it was a skill of knowing your gun, knowing your sights on your gun, and a little bit of luck. You have to compensate like with all black powders for the wind, and hope between each shot the wind stays the same, as you don't want a shot with the wind at 5 mph, and the next shot with the wind at 10 mph, because you just readjusted your sight for the wind at 5 mph. A lot of adjusting sights, and compensating for the wind. But a fun time.

If you would like to give it a try next year, contact Bryan Youngberg, and let him know, as he put on a great shoot this year. If you are brand new to the sport, go ahead and come to the next shoot, and someone will show you what it is all about, and show you what needs to be done to get into the long range black powder shooting.

So until next time.

Happy Shooting  
Sandy Ladwig

# WILDS OF WYOMING INDEED

## WORLAND SHOTGUN SHOOT HIT BY RAIN AND WIND

By Sandy Ladwig

The Worland Shotgun Shoot was held in Worland, the weekend of April 22, 23, and 24. Wyoming saw a snow storm that dumped 18 inches of snow in places from Sheridan all the way past Casper, down south to Saratoga. Many shooters did not make the journey to Worland, more than likely because of the weather. Worland got only wind and rain. No snow. The wind and rain came in on Friday about 4:00 p.m. Enough to close the range for the last part of the day. It seems the weather had a big part with the shooters not being able to hit many moving targets.

On Saturday, the wind and the rain continued, so it was decided to keep the range closed for the day. Everyone sat in the club house and Frank, and Bill, discussed maybe having a shotgun shoot in September when maybe more shooters could attend. After, discussing having another shotgun shoot later in the year, everyone left. Many of the shooters took advantage of the afternoon off from shooting and went to the Worland Museum. What a great Museum, to learn about the history of Worland.

On Sunday, the weather started to cooperate. The first shoot on the agenda was the cartridge shotgun shoot. 8 shooters, took to the range. This competition has 5 shooters at one time at 5 different stations at 16 yards. Each shooter shoots five times at the clay target, and then after everyone shoots five times at each station, each shooter moves one station to the right until five shots at five stations have been shot. Nice shooting from all the competitors. Winner of the cartridge shotgun shoot was Sandy Ladwig. 16 out of 25 birds. Second place was Frank Elzay, with 14 out of 25 birds, and third place was Gary Millhouse, with 8 out of 25 birds.

After the cartridge round, there was enough time to finish up some other matches.

What a fun weekend to spend in Worland, at the shotgun shoot. Everyone who was able to make it had a good time.

It is hopeful that Frank Elzay, and Bill Morrison, can put on another great shotgun shoot in September. So, if that is the case, get those shot guns out of the closet and come shoot some powder. As Frank, always says, you can't shoot shotguns good if you don't get the shot gun out of the closet, blow the dust off, and come burn some powder.
